

Loo Niva's Intern conducted a training regarding a sanitary pad

Learning sharing workshop by Loo Niva Interns:

Intern of Loo Niva Mr. Ritik Dangol shared his Learning and skills on local sanitary pad making process to other Loo Niva interns on 29th Jan 2019. He shared his skills and knowledge among nine participants where number of girls were seven and boys were two. The main objectives of the workshop was provide awareness the interns on menstrual hygiene and to practice good menstrual hygiene management.

Interns were acknowledge about the local sanitary pad making process which can be made with the use of scissor, thread,

needle and cloth. All the participants felt wonder that sanitary pad making process is very easy process but very useful. All the participants expressed their happiness that they got opportunity to learn the important skill.

Ms, Hasana Dangol, intern and participant of the workshop said training is very useful and she promised that she will share the skill other friends as well.

Loo Niva is providing the space for sharing the learning. This platform is becoming as the best tool for capacity build up among the interns and staffs of Loo Niva

Exchanging the greetings between sponsors and sponsored children

Sponsors from Finland frequently keeps sending gifts and greetings to their sponsor children. They often send either greeting cards and letters or sometimes birthday gifts like dresses, color, pencils and other stationeries. Sponsored children from Nepal also prepared greeting letters or cards to their respective sponsors. Both sponsors and sponsored children are very happy by receiving the greetings from each other. It found that the program is motivating and encouraging the sponsors.

Regular Home Visit Program of Education Sponsor children

Home visit of Education sponsored children is the regular program of Loo Niva. The visit will carry out to know about present status on economic, educational and family condition. Students with high risk will give priority for home visit.

Ms. Sabina visited the home of 10 sponsored children in this month February. She collected information on the academic performance, economical condition and the present family conditions. The visit also helped to provide the psychosocial counseling to the sponsored children who are suffering from household problem and having miss habits. According to Sabina, 2 students continued their studying after the home visit. Parents shared their feeling that the home visit encourages the students. It also motivated the students for do better in their study,
